Each child must be signed out before they leave. Only the person that signed the child in may sign them out unless that person has provided written instructions of who will pick up their child. Children 4 and under must have a responsible adult accompany them at all times. We **STRONGLY ENCOURAGE** at least one parent/guardian to stay with each child for all the events. This will allow the parents to learn the language with the children and be able to reinforce it at home.
