Chikasha Anumpoli Pehlichli

Class 1

Exercise 1:

We will break into groups. Each group will have a balloon and will try to keep the balloon in the air. Each person will need to say the next number in sequence before they can hit the balloon. The last team with the balloon in the air wins!

Exercise 2:

The class will be paired up and will practice greeting each other and introducing themselves (telling their name and the division they lead). Vera will then greet each person and allow them to introduce themselves.
