CHOKMA!

The Chickasaw Nation is driven by a mission to enhance the overall quality of life of the Chickasaw people. To best meet the evolving needs of citizens around the world, we continually work to expand, improve and increase vital programs and services.

Revenue generated from tribal business and successful economic endeavors enable us to invest in the future of our tribe, by supporting the development of new resources and increased opportunities designed to positively impact Chickasaws and their families.

Please take a moment to review the programs and services outlined in this year's guide. This guide is also available for download at Chickasaw.net/ServiceDirectory. For more information, please visit Chickasaw.net or call (866) 466-1481.

CHICKASAW SUMMER ARTS ACADEMY

PHONE: (580) 272-5520 · WEB: Chickasaw.net/ArtsAcademy

Send mail to: 201 N. Broadway Ave. • Ada, OK 74820

Aspiring young artists are immersed in an exploration of various artistic fields, career preparatory programming and student-oriented skill development. Students can learn about contemporary and traditional Chickasaw and Southeastern First American art in a variety of mediums. The academy inspires exploration of the artistic process in writing, performing and visual arts.

An arts gala and showcase conclude the academy, giving students the opportunity to display their work and perform with their new and strengthened skills. The arts gala is a public reception to highlight the visual arts disciplines. The showcase is a public performing arts event incorporating all the performing arts disciplines into a final production.

The next academy will take place July 2026.

The **STARTING ARTS ROTATION** (**STAR**) (**AGES 8-10**) is a two-week day academy facilitated by professional artists. Students begin training in the arts with instruction tailored for their age and skill levels.

INTERMEDIATE (AGES 11-13) is a two-week day academy. This level begins training youth in their choice of artistic tracks: mass communications, performing arts or visual arts. Participants receive instruction tailored for their age and skill levels facilitated by professional artists.

CHICKASAW SUMMER ARTS ACADEMY MAJORS (AGES 14-18) is an immersive art instruction experience during a two-week overnight residential academy. Participants are housed in the East Central University dorms and have access to campus amenities, giving them a taste of college life as well. These students gain experience in their choice of mediums including drawing, painting, contemporary pottery, metalsmithing, creative writing, culinary arts, performance theater, dance, vocal music, digital arts, photography, printmaking, video production, fashion design and more.

The deadline to apply for FIRST LEGO® League (all), VEX-IQ and FIRST Tech Challenge is **AUG. 31**. The deadline to apply for FIRST Robotics Competition is **DEC. 31**. Participants must be Chickasaw citizens enrolled in the applicable grade range to be eligible. For required forms and program information, visit <u>Chickasaw.net/STEM</u>.

FIRST LEGO® LEAGUE provides students with an exciting experience that ignites an enthusiasm for discovery, science and technology. Youth in the program use math and science concepts to design, build and program robots to complete real-world challenges.

FIRST LEGO® LEAGUE: DISCOVER (GRADES PRE-K-1)

- Uses LEGO® DUPLO®
- Engages through hands-on activities
- · Develops a basic knowledge of building

FIRST LEGO® LEAGUE: EXPLORE (GRADES 2-3)

- Uses LEGO® Education WeDo 2.0
- Introduces engineering fundamentals
- Explores real-world problem-solving

(STEM ACADEMY — ROBOTICS CONTINUED ON NEXT PAGE)

STEM ACADEMY — ROBOTICS (CONTINUED)

FIRST LEGO® LEAGUE: CHALLENGE (GRADES 4-6)

- Introduces competition-level builds
- · Includes research, problem-solving and coding
- · Promotes team-building skills

VEX-IQ (**GRADES 7-8**) is a bridge between FIRST LEGO® League and FIRST Tech Challenge. This intermediate robotics program provides fundamentals from both beginner and advanced robotics programs with easy-to-build components and programming.

FIRST TECH CHALLENGE (GRADES 9-12) is designed for beginners to compete head-to-head in robotics using a sports model. Teams, including coaches, mentors and volunteers, must develop a strategy and build robots to solve common problems based on engineering principles.

FIRST ROBOTICS COMPETITION (GRADES 10-12) is an intense sport of engineering challenges, design, marketing and teamwork. Operating under strict guidelines with limited resources and a short build period, teams design and build a 120-pound competition robot and compete against other teams across the country. Students learn to demonstrate team spirit, professionalism, maturity and the ability to overcome obstacles. One year of experience in FIRST Tech Challenge is required before enrolling.
