Home Improvement Grant
Information Sheet

The home improvement grant can be used to make improvements to your home. Some improvements may require a licensed professional such as electrical, plumbing, gas and heating/air. Previously improved items need prior approval. You may contact a contractor in your area and have the business provide an estimate for your improvement. Each contractor's estimate must list the contractor's name, address and phone number. The estimate needs to include where the repairs are being done (your name and address). Improvement estimates must be itemized, for instance, materials and labor. Once approved, a check will be issued, made payable to you and the contractor. Reimbursement cannot be made for any improvement completed prior to our notification to you of grant availability.

Once your application is approved, your estimate can be mailed to P.O. Box 788, Ada, OK 74820, sent by fax to (580) 559-0720 or emailed to AdmissionsDept@Chickasaw.net. The estimate for improvements must be received within 30 days of the date of this letter.

Examples of eligible items for home improvement grants include the following:

1. Roofing repair (non-insured damage)
